CURRICULUM VITAE

LUCIE NEEMA

Phone: 0713017862 | Email: neemalucie24@gmail.com

PROFILE SUMMARY

I am eager to apply my Information Technology knowledge and technical skills to real-world projects, contribute to innovative solutions, and gain practical industry experience through an internship opportunity.

Achieved B Plain in KCSE and 368 marks in KCPE, demonstrating academic excellence.

Familiar with MySQL fundamentals such as creating tables, inserting data, and performing basic queries.

Excellent communication, problem-solving, and time management skills.

EDUCATION

University: Kirinyaga University — currently pursuing a Bachelor of Science in Information Technology

High School: Kijabe Girls High School (2021–2024)

Primary School: Hindi Primary School (2013-2020)

EXAMINATIONS

- KCSE: B Plain (2024)
- KCPE: 368 marks (2020)

SKILLS AND STRENGTHS

Skills

- Web Development: Basic HTML, CSS, and JavaScript.
- Responsive Design: Creating websites that work on desktops, tablets, and mobile devices.
- UI/UX Design: Understanding user interface and user experience principles.
- Development Tools: Visual Studio Code for writing, testing, and debugging code.
- Git/GitHub: Version control and project collaboration.
- Database Knowledge: Basic MySQL for storing website data.
- Version Control: Familiarity with Git/GitHub for project management.
- SEO Basics: Understanding how to make websites search-friendly.
- Rollball player: teamwork and discipline.
- Church drummer: commitment, coordination, and team collaboration.

Strengths

- Strong creativity and attention to detail in design.
- Analytical thinking for problem-solving and layout optimization.
- Quick learner, adaptable to new web technologies.
- Enjoyable time management for completing projects on schedule.
- Teamwork and communication skills for collaborative projects.

WORK EXPERIENCE

Intern / Student Developer (2025–Present)

- Assisted in developing simple web applications using HTML, CSS, and JavaScript.
- Participated in database design and basic MySQL queries for project data management.
- Collaborated with peers on group coding projects using Git/GitHub.

- Tested and debugged code to ensure functionality and usability.
- Learned version control and project management through GitHub.

Personal Projects (2025–Present)

- Designed and developed a personal portfolio website to showcase projects.
- Implemented responsive web design for desktop and mobile users.
- Applied basic UI/UX principles to improve user experience.

Teaching Assistant

- Assisted classmates with programming exercises in C and web development.
- Helped peers understand algorithms, data structures, and coding best practices.
- Guided students in debugging and problem-solving coding tasks.

PERSONAL ATTRIBUTES

- Empathetic and able to understand user needs in software projects.
- Clear and effective communication in team and project settings.
- Strong collaboration skills for group development projects.
- Adaptable to new programming languages, tools, and technologies.
- Critical thinker with strong problem-solving and debugging skills.
- Efficient time management for completing coding assignments and projects.
- Resilient and persistent when facing programming challenges.
- Confident in making practical decisions during software development.

INTERESTS

- Maintaining an eco-friendly and sustainable environment.
- Environmental conservation initiatives.
- Continuous professional development in information technology .
- Volunteer work and community service.
